Bulldogs Rock!

A B Cs Of Student Success

Q is for QUESTIONS.

Find out what is on your child's mind by asking questions.

- Ask specific questions. Your child is more likely to have an answer to *Who did you play with at recess?* than *How was your day?*
- Ask open-ended questions. *How did you do that?* or *What would happen if...?* questions will yield more information than questions that can be answered in a word or two.
- Help your child develop critical thinking skills by responding to his or her questions with questions.

Be Safe, Be Respectful, Be Responsible.

Stay healthy!

We have had a number of students being sick with the flu and/or a stomach virus. Please remind you child to wash their hands thoroughly. School attendance is **very** important. However, if your child is running fever, throwing up or has diarrhea they should stay home.
