

Windermere Primary School School/Parent/Student Compact 2018-19

Research shows that when parents are involved in schools, students achieve more, attendance is better, grades and test scores are higher, and children are more likely to reach their potential for intellectual, social, emotional, and physical growth. Family involvement in education is critical for the success of students. Windermere Primary School acknowledges this shared responsibility for improved student academic achievement. This partnership between our school and parents will help all students achieve maximum success.
