Transportation for 2017 Summer School: *Campus and Neighborhood Hub Locations

In an effort to ensure greater consistency, reliability, and communication regarding summer school transportation, PfISD will be utilizing campus and neighborhood hub locations for student pick-up and drop-off for summer school transportation. The hub location method allows PfISD to communicate all summer transportation information early, providing students, parents, and summer program administrators with the time they need to prepare for summer program participation. All summer routes and corresponding maps of pick-up and drop-off locations will be posted later this spring.

Thank you for your patience and understanding as we continue to improve services offer to our students in PfISD!
